

# **Edison Elementary, a United Way community school Explorers' Club**

## **WELCOME**

Edison Elementary, a United Way community school, staff welcomes you to join Explorers' Club. Explorers' Club is weekend programming designed for students and families to explore various community outings. This year there is a focus on climate change and impact. Please keep in mind that Explorers' Club is a very popular program in high demand. Please plan to attend all six Saturdays. If you are unable to attend all six Saturdays, please indicate on the registration form and we will place you on the waitlist. Depending on the number of registrations, your family may still be able to participate. We only have access to one bus so we may ask families that have already participated in past years to be placed on a waitlist or to drive separately.

## **OUR PURPOSE**

Families shared via Title I surveys a desire for weekend programming and children shared ideas about various places they would like to experience. We are here to listen to what families want. Our purpose is to provide quality, weekend programming that is safe, fun and creative. Enrichment presents age-appropriate opportunities and activities to enhance your child's physical, social, intellectual, and emotional growth.

## **THINGS TO BRING AND NOT TO BRING**

Please bring your smiles, laughter, and sense of curiosity. Please leave behind electronic games or devices, toys, or student phones. Staff are not responsible for lost items. Please dress according to the weather with appropriate clothes and footwear.

**The Community School Coordinator, Eric Evan's phone number is (814) 440-8048.**

Whenever possible, families should call the Community School Coordinator if they are unable to attend or will be late for the outing. The bus will leave Edison at 10:00 am on the Saturdays and return at approximately 2:00 pm.
