

## About Us

Women United is an affinity group of United Way of Erie County.

Women United for Community Schools is part of a larger nationwide Women United movement throughout the United Way footprint. It is a growing force of 70,000+ women dedicated to creating a world of opportunity for everyone.

## Vision

Leveling the playing field so all children succeed in school.

## Local Women

Women United is a network of local women investing in transforming the future of thousands of children by directing their financial resources to United Way's community school initiative. With this strategic focus on community schools, Women United are leading the charge to a brighter future for our children, their families and our community.

## Focus

Women United's initial focus is to support McKinley Elementary, a United Way community school over the next three years but is also able to support the launch of the community school model at Union City Elementary.

## YOUNG WOMEN UNITED

Young Women United for Community Schools are **women under the age of 40** who share a passion for investing in the future of children and who are interested in helping students reach their full potential.

Young Women United pledge \$250 - \$999 for 3 years and are asked to volunteer at one Community School event a year. In addition, there are several events held annually where all Women United gather to learn how the impact of Women United is leveling the playing field so all children succeed in school.
